INSIDE OUT SCORING							

Totals

Definition of Inside Out Scoring:

The arrow must be totally inside the scoring area in order to count as that value. If the arrow touches the line, it counts as the lower score.

For Example: The arrow must be totally inside the X-ring to count as an X; if it is touching the X-line, it is counted as a five. If the arrow is touching the line between the 5 and 4 rings, it is counted as a 4, and so on.

EXAMPLE:

	Day 1 Inside Out Arrow Scores					Score	X's
End 9	X	X	X	5	4	24	3
End 10	5	5	5	5	5	25	0
End 11	X	X	5	5	5	25	2
End 12	X	X	X	X	5	25	4
TOTAL						99	9
